

CSSS Activities Committee

Chris Parsons

October 13, 2007

Meeting starts at 5:17 P.M.

	Name
	Travis Brown
	Emily Wilson-George
	Phil Boutros
Attendees	Chris Parsons
	Allen Pike
	Lawrence Cheung
	Yang Zhao

1 Message from Vice President of Activities

- This is the first meeting of the activities committee of this semester, and of all time.
- Being members of the activities committee means that members will hope out at future CSSS activities.
- The CSSS has a tight monetary problem at the moment, so expensive activities will be limited.
- Pizza and movie Fridays have been successful in participation, even though they lose money each week.

2 Future Activities

2.1 Wings Night

- Discussion on the history of Wings Nights.
- This year, many of the hopeful participants (“Frosh”) are too young to enter the bar. The faculty is very keen on inviting them.
- Instead of going to the bar, the CSSS could rent a room in the MBC then get wings and nachos brought down from the bar.

2.2 Games Night

- Lawrence Cheung is keen on organizing the first games night.
- Expenses are minimal, so this is a very easy idea.
- For past games nights, insufficient notice has been given resulting in low turn outs.

2.3 Ski Trip

- No information at this time, but Yang Zhao is organizing it for this year.

2.4 LAN Party

- Similar to games nights, but is better to have in Surrey.
- Surrey is known to provide better computer labs and has a games room for video games.

Meeting adjourned.
