VPR
Pop machine is full, coke sucks for service though. Will see if we can get a discount for this issue.
Justin → But its tasty.
Also one tire is flat on the dolly, someone bring a pump to

VPA
Sorry the Matrix sucked.

Justin + George → WHAT?!?
Finding Nemo went very well, also pizza went well. Tuesday we'll try to get a wings night thing going since we have a budget for it. I'm trying to get people to volunteer for the year end social thing right now. Guilt yay.

President
Open House was good, we had a lot of volunteers. Note to the general, try to get other people to bring projects to present to the attendees. UCC won't meet for a while. That's it.

LAN party stuff
Kyle Richter → We have a router now. Trying to get some 50' cables but these won't be rollable. 25' can be had with 4 outlets and built-in surge protectors.

Lemma
Andy Lumb --> Well, so we need to stuff with lemma. So basically, we use the
cs website for basic stuff.
Dan Leslie --> So it doesn't matter who posts, we're still liable for it.

Morgan --> So we should have one person as a position.
Justin --> We should have it as a resource. More as a committee thing than anything else.

Back to Dan
Who wants to go to IMAX for Lord of the Rings. k now who wants to go to Metrotown? Metrotown it is. IMAX was too much of a hassle.

LAN party
So when do we organize it?
General consensus is after finals instead of one before.
Pete Lypkie → So how 'bout we get this out and see what the response is?
Kyle → We have a router now, most people still bring stuff so that's fine.
Dan → So we're going to have the social at the end of November (last friday) perhaps we'll just leave the LAN for after that then.

Open Floor
Omar → Can we get another power bar in the common room
Motion by Omar to get another power bar for the common room, preferably a three prong. Upper cap of $15 cdn.
Seconded by Dan Leslie
Motion passes.

Noah → So what did we think about the matrix?
Misc. shouts of cool and suck.
